

EMBOS Workshop
Analysis of the EMBOS Pilot data

Location
Hellenic Center for Marine Research (HCMR)

Local organizers of the workshop:
Christos Arvanitidis & Christina Pavloudi
Institute of Marine Biology, Biotechnology and Aquaculture (IMBBC)

EMBOS Coordination
Herman Hummel & Pim van Avesaath
Netherlands Institute for Sea Research (NIOZ)

MEETING SCHEDULE

The tentative schedule for the meeting is:

- Monday 15 December:

Arrival

- Tuesday 16 December:

- 9:00 till 18:00: Data checking/refining/validation

In case some taxonomic issues arise from the pre-analyses then also those issues can be tackled on this day, as e.g. identification at different/higher taxonomic level, lumping to species complexes, mis-identifications, different keys, yielding maximum compatibility in the database)

- Wednesday 17 December:

- 9:00 till 18:00: Data processing and analysis of (spatial, regional) trends

- Thursday 18 December:

- 9:00 till 13:00: Composing clusters of ideas regarding the way forward and publication

- 14:00 till 18:00 (for those who still can stay): First onset of papers

- Friday 19 December:

- 9:00-11:00: Administrative issues

- 11:00: Departure.
